

Modeling and Uncertainty Quantification of Particulate Composite Materials (Mentor: Dave Allen, Miles Buechler, Anthony Puckett)

**Sebastian Guerrero**

Sebastian Guerrero is currently a senior at the Georgia Institute of Technology studying Structures within a Civil Engineering curriculum. He will be Enrolling in graduate school at Georgia Tech to study structures and follow through until he has obtained his PhD. In addition to his studies in Engineering he is pursuing a certificate in Finance and is involved in various campus organizations for the development and strengthening of the Georgia Tech community. Sebastian was born in Bogota Colombia and moved to Miami FL during the 90s where a wealth of opportunities has allowed him to advance his education and build up work ethic. He enjoys spending time with his friends and family while relaxing on sunny Miami beaches.

**George Khoury**

George Khoury is currently a senior at The University of Houston and will graduate in May 2008 with a B.S. as a Mechanical Engineer with a minor in Mathematics. He is currently a member of a number of student organizations, including ASME, Tau Beta Pi, and Triangle Fraternity. He has held a number of positions in these organizations including Secretary and Treasurer at ASME, Education Chair at Triangle, and will be serving as the Vice President of the Triangle Fraternity Colony. In his spare time George enjoys

sports such as Tennis, Soccer, and Skiing

**Keith Miles**

Keith Miles is a sponsored student from the United Kingdom who is due to graduate in June 2007 from the University of Bath (UK) with a Masters degree in mechanical engineering. He has completed two summer placements in industry and is currently beginning his journey towards chartered status with the Institute of Mechanical Engineers. Now in full employment, he feels fortunate to be given the opportunity to attend the Los Alamos Dynamics Summer School, something he believes will be the perfect start to his career. In his spare time Keith enjoys being with friends and participating in a wide variety of sports, especially badminton, tennis, golf, and rock climbing.
