

# Welcome to HECFSIO '10

August 2, 2010

Please be safe!

# Some Early Thanks

- NSF for the meeting rooms and the HECURA program
- LANL for the sustenance and organization – James, John, Students, Peggy, Denise, and Wynona
- DOE NNSA, DOE Office of Science, DOD for the committee members time – and Tina!
- The Speakers and Panelists
- The attendees

# Some Changes

- This year
  - The emphasis is not on the portfolio management, even though that is still important
  - The emphasis is on Exascale and similar daunting landscapes
- Next year
  - James will not be coordinating, so expect communications from another person

Hello to  
Sylvia Spengler  
From NSF

# Other Misc.

- Wireless “WestonArlingtonMeeting” – No password
- 2009 Workshop Report and Road Map available at: <http://institute.lanl.gov/hec-fsio/docs/>
- Thanks to Joe Naps (UMN) and Rico D’amore (Highlands)
- Poster Session
  - food available
  - Need to print slides

# Participation

- Your input is vital to the success of this effort
  - We want to hear from you during the workshop and comment cards
